- Our vision Our vision 'Safe Movement Always' is for the Northern Beaches LGA to be recognised as a safe travel environment for all road users.
- We cannot prevent all road crashes. However, we can all help to reduce the incidence of death, serious injury and the cost of road trauma to the community by adopting a culture of safe behaviour on and around our roads.

# Proposed Actions

## Northern Beaches Council will:

Target a reduction in the number of crashes that result in death or serious injury in the local government area.

Implement initiatives to encourage a culture of positive and safe behaviour on our roads and paths.

Work with Council departments to gain support for road safety infrastructure improvements.

Focus on all road users, but especially vulnerable road users with existing and new road safety campaigns and projects.

Promote, educate and raise awareness that road safety is a shared responsibility and choices and behaviours impact others.

Investigate innovative road safety initiatives, undertake research and development to help change people's behaviour to reduce the risk of crashes.
