4.0 PUBLIC FORUM

THE MAYOR REQUESTED EACH SPEAKER TO ACKNOWLEDGE THEY HAD BEEN INFORMED THAT THE MEETING WAS TO BE WEBCAST LIVE AND THAT COUNCIL ACCEPTS NO RESPONSIBILITY FOR ANY DEFAMATORY COMMENTS MADE.

4.1. Mr Jack Tilburn, asked the following question regarding proving qualifications for work positions:

- a) Has the council installed some vital and important proofing checks for people applying for work positions to overcome fraud or intentional deception of their qualifications?
- b) In regard to trade qualifications, are in depth proofing checks made at the trade and technical colleges mentioned by the candidates? And if not, then why not?
- c) In regard to academic and similar degrees, are there in depth proofing checks of qualifications carried out before appointments?

- d) Are persons being appointed to work positions without in depth proofing checks of qualifications carried out before appointments?
- e) Are any supporting character references and past work positions being given indepth proofing investigations to overcome any attempts at FRAUD OR INTENTIONAL DECEPTION? If not, then why not?

Answer:

Council has an internal recruitment procedure that requires all new staff to present their original qualifications for verification and if they can't provide those qualifications then we always contact the academic institution and get them to verify those qualifications. There are a large number of positions in Council that require police record checks and we conduct police record checks to do with those positions which may handle cash or linked to finance which range from cashiers at Warringah Aquatic Centre to Procurement Staff and tender contract managers. We also have Working with Children checks which is mandatory for all staff that may be working with children. We also (which is part of the recruitment procedure) do a 100 point identification check and original identification has to be sighted and copies obtained to make sure the person is who they say they are.

In terms of checking on trades we actually don't have at Warringah Council positions for trades people they are outsourced. In relation to in depth proofing checks if someone can't satisfy the proofing checks in relation to qualifications then they won't be employed.

And in terms of character references – two supporting character references must be provided and typically they are the last employer or supervisor and their previous employment plus one other at a minimum requirement.

We also have a standard for questioning referees which ensures that we ask questions such as would you employ them again or is there any issues that Council should be aware of.

4.2. Ms Julie Elliott made a statement regarding the maintenance of a reserve in Narraweena.

Answer:

Council can confirm that the last time the reserve was mowed was in August and the next is October – it was due to be mowed this week but due to the rain and the sloping descent it is unsafe for contractors to mow it. As soon as it dries the land will be mowed and Council can confirm that we are absolutely committed to mowing that reserve eight times per year.

4.3. Mr Mike Crawford, representing Dee Why Surf Life Saving Club Centenary Committee addressed Item 5.2 on the agenda.

4.4. Mr Merv Carruthers addressed Item 11.6 on the agenda.

Mayoral Minute No 21/2010
Dee Why Surf Life Saving Club – Centenary Celebrations

5.2

**Mayoral Minute No 21/2010
Dee Why Surf Life Saving Club – Centenary Celebrations**

Dee Why Surf Life Saving Club will be celebrating 100 years of service to this community in the 2012/2013 season. The Club will be staging a number of events and as part of their commemorative program, has requested Council's assistance to hold a civic reception and an exhibition of memorabilia at Dee Why Library.

RECOMMENDATION

That Council :

- (a) Advise the Club that Council would like to provide in-principle support to the Club to celebrate this historic event;
- (b) Staff will work with the Dee Why Surf Life Saving Club to develop and host a Civic event at the end of 2012 or early 2013 to mark the occasion of their 100 years service to this community.
- (c) Staff will explore options with Dee Why Surf Life Saving Club with the aim of hosting an exhibition of memorabilia and photographs at an appropriate Council venue; and
- (d) Consider Funding be made available in 2012/2013 to assist the Club with both these events in the 2012/13 Civic Events Budget.

9.5

Cole Classic Sun Run - Community Consultation

EXECUTIVE SUMMARY

Purpose

To present to Council the outcomes from Community Consultation relating to the request to stage the Cole Classic Sun Run on the 5 February 2011 starting at Dee Why Beach Reserve and finishing in the Manly Local Government Area at Manly Beach.

Summary

Council resolved at the meeting 28 September 2010 to support in principle Fairfax Events proposal to conduct the Cole Classic Sun Run and to put the proposal on public display to assess public support for the event.

During the 14 day public exhibition period a total of 28 submissions were received from the community. Of the 28 submissions received, 27 submissions supported the event with 1 submission against.

Financial Impact

If the proposed event is supported a booking fee of \$7,618 inclusive of GST and cost recovery of Council services will apply.

Policy Impact

Nil.

RECOMMENDATION OF DIRECTOR COMMUNITY AND ENVIRONMENTAL SERVICES

That Council acknowledge the positive feedback from the community supporting the Cole Classic Sun Run and advise the organisers of Council's support of the event.

REPORT

Background

Council received a request from Fairfax Events, the company responsible for organising the Sun Herald City to Surf Race, to stage a similar event over a shorter distance of 7 kilometres from Dee Why Beach to Manly Beach. Fairfax Events has approached both Manly and Warringah Councils seeking support before the traffic management plan is prepared and subsequently submitted to the traffic committee and NSW Roads and Traffic Authority for approval.

A report was presented at 28 September 2010 Council Meeting describing the proposal, relevant issues and conditions, the planned route of the event and appropriate fees and charges.

At the meeting on 28 September 2010 Council resolved to:

- A. Accept in principle support for the Cole Classic Sun Run*
- B. Place the proposed event on public exhibition for a minimum 14 days to assess public support and then return to Council for consideration.*

Following this resolution, the proposal was placed on public exhibition for the recommended 14 day period.

Consultation

The consultation period commenced on 1 October 2010 and finished on 15 October 2010 requesting feedback from the community regarding the proposal. Actions taken during this time included:

- Advertisement in the Manly Daily through the Warringah Update column
- Placement of proposal on Warringah Council website “public comment” section
- Display of proposed route and associated documentation at Council’s Customer Service Centre and Dee Why Library.

At the closure of the consultation period a total of 28 submissions had been received. Of the 28 submissions received, 27 submissions supported the event with 1 submission against. A copy of all submissions can be seen in attachment A.

Timing

There was a potential clash with Dee Why Ocean Swim which was originally proposed for 5 February 2011. Fairfax Events supplied a letter from the President Dee Why Lifesaving Club indicating their support for the Cole Classic Sun Run and willingness to postpone the Dee Why Ocean Swim until later in 2011.

Policy Impact

Nil.

For/ Against	Comments
For	Just wanted to drop a line regarding a fun run from Dee Why to Manly. I think fun runs of this nature add so much value to a local community, and can really excite. Plus, they are able to draw a number of people in from other council's for the day, spending their money in our stores! I think it would be great to offer a longer version though, to ensure that more serious runners are catered for. Bring it on though I say!
For	I wanted to give my opinion on the run that has been proposed and written in the Daily today that it is open for community feedback. I think it's a great idea and about time we had more outdoor stuff to do on our side of the bridge. There's the City2Surf and bridge run on the south side. The pub2pub is here but has been taken off the main road in recent years. This would give a great run to the community and what an awesome course. I live just near the start on Dee Why Parade and regularly run around the diggers (along with a lot of other people). I give it my vote and hope it gets a go for 2011.
For	I fully support the proposed Coke Classic Sun Run. This event will bring people from outside the area to Warringah and the beaches during Summer. All of the local businesses along the route will benefit from additional customers and exposure. Having the event early in the morning (start at 6.00am) will have little or no impact on regular Sunday Morning traffic flow. Most of the competitors will be out of the Warringah Area within an hour of the start. Fairfax also donate a considerable amount of money raised from entry fees from these events to local charity groups like surf clubs etc.
For	I am a local resident of Dee Why and also part of the committee proposing the staging of the Sun Run, Fairfax Events. Although biased in saying that I would like the event to receive council approval I would like to put in my own feedback. As a Northern Beaches resident for the past 30 years I have been very lucky to grow up with the beach cultured, healthy lifestyle our area has to offer. Through my schooling I always took a keen interest in sport, playing for multiple at my school, club and district. I continued my love for sport into my university degree and career. In 2002 I was working for the Bayfield's Hotel group and was one of the main organisers for the Pub2Pub fun run. This was the last year that it was held on the main road from the Dee Why Hotel to the Newport Arms and the first year over 2,000 entrants were received. The Cole Classic Swim in Manly has allowed me to be a part of an event that brings something back to my community for the past two years. The proposed Sun Run is a way that I can give back to the community in which I grew up in and still am a part of (specifically Warringah). If you are up early enough on any day of the week you will find that the majority of the proposed course is a regular route for avid fitness buffs. People of all ages walking, running, riding, training their dogs etc. can be seen along Curl Curl, around the Diggers and on the Manly promenade. The run encapsulates the ethos of our area and shows half a dozen of our beautiful beaches. It will allow walkers, runners, families pushing children in prams and wheelchair participants the ability to be a part of the community. Other benefits can be seen through publicity and media of our local area to the wider NSW, interstate and overseas. Bringing visitors to our community that will benefit the local business's as well as open our area as a tourist destination. I hope that the council will see the benefits of this event as I did in the research behind the proposal.

Item 9.5 Cole Classic Sun Run – Community Consultation – Final Report
Community Consultation Data

For	I am a local Warringah resident and noticed you are open for feedback on The Sun Run. After competing in the City2Surf on numerous occasions it would be great to have an event like this on the northern beaches. Whilst I hope not quite the size it would be fantastic to run along the road from Dee Why to Manly and take in the beautiful site along the way whilst joining others from the community. Through the City2Surf I raise funds for charity so it would be interesting if this event was going to have the same opportunity as well, possibly the Surf Clubs could benefit from this. Thanks for our chance to comment and I look forward to the outcome and the next council meeting.
For	I support this proposal. I grew up in Collaroy and having this large event on the Northern Beaches would be an asset to our community. The promotion of our beaches would be priceless. I believe, as it is very early in the morning, the traffic would not be affected.
For	I write today in response to the proposed Cole Classic Sun Run and the suitability of the event to start at the Dee Why foreshore area. As a Dee Why local resident, a Dee Why local workplace goer, an active member of the Dee Why SLSC and a frequent visitor to the local restaurant scene on the beachfront, I can only see a positive impact on the local Warringah community by this event going ahead. Community events like this give local residents an opportunity to be involved on many fronts whether it be competing, lending a hand in the organisation of the event or just merely a reason to get out and enjoy a coffee at the local cafe as the race flies past. It also allows other local community organisations to have stalls, etc setup on the foreshore area on the day so all can benefit from the event. The increased traffic for the restaurants & cafes, the high level of fundraising for the surf club, and the exposure to the Dee Why area that the Fairfax Media group would provide through their newspapers makes this event one that I will support for years to come should it get final approval by the council to go ahead. By providing the above event helpers for the race, It is yet another way the Dee Why Lifesaving movement gives back to the local community above and beyond the many hours spent making the Dee Why beach safer
For	I think this event will be a great benefit to the northern beaches. It encourages team building, increased fitness, an awareness of the beautiful beaches between Dee why and manly and an increase to visitors and tourists.
For	I wish to write in full support of the proposed Cole Classic Sun Run. I am a local resident, rate payer, Vice Captain of Dee Why Surf Club and also enjoy running for fun. This event would allow good cash flow for council, local shopkeepers, and our surf club. We need to get behind any local community events that lend a positive light; to council, to our wonderful beaches etc.
For	I was advised of this submission to have a fun run from Dee Why to Manly. I would like to express my strong support for such an event, and would hope you will take this into consideration for your final decision.
For	As ratepayers within Warringah, my wife and I would like to express our strong support for this proposed fun run from Dee Why to Manly. Sport is a huge part of life on the Northern Beaches and it is high time we had a well-organised and regular running event to allow locals to get out and compete against each other. The pub-to-pub is haphazard at best, and with the support of a sponsor such as the Sun-Herald (in whom we have no financial interest whatsoever), which has proved with the City-to-Surf that they can effectively organise and sustain such an event over a period of decades, we feel this proposal could be a winner for Warringah.

Item 9.5 Cole Classic Sun Run – Community Consultation – Final Report

For	This sounds like a fantastic idea, great for the Warringah community, and I would love to support this proposal as well as hopefully compete.
For	I am a Warringah Council resident who also enjoys running in local & state-wide fun runs. A local 7km event would be fantastic. I give my full support to the possible new event from Dee Why to Manly.
For	I am emailing you to indicate my support and enthusiasm for this proposed event
For	I would like to write in and share my utmost support for this fun run. I am part of the Can Too running group, which has a Northern Beaches pod of runners, all of whom train for races while raising money for Cure Cancer Australia. I can guarantee you that you'd have about 30 – 50 of us VERY keen to support this local fun running initiative. As it is, there are no shorter distance fun runs in the Northern Beaches and I think this event would be a fantastic addition to the running calendar for both serious and recreational runners. It would also bring more people into the local area to spend at cafes and restaurants - a win for everyone.
For	Emailing support - nice one!
For	I am writing to support the Proposed Cole Classic Sun Run. The northern beaches would hugely benefit from a fun run in February of each year that is properly run and not just a community event. As the route follows the coastline and does not incorporate the northern beaches main access roads - either Pittwater road or Warringah Road, it would not be a huge disruption to traffic. The event being run on a Sunday early in the morning would suit runners participating and the community as the event is conducted prior to most people being awake and heading out to do weekend activities.
For	I would support this Run with great enthusiasm.
For	I wanted to give my support to the Fairfax proposal to conduct a foot race from Dee Why to Manly on Saturday 5 February 2011. These type of activities build our community and specifically encourage health and fitness both in those running and those watching. I support this event and will definitely participate if it is held.
For	I write to support the fun run from Dee Why to Manly in February, I think it is potentially a great event which will be excellent for the local community and an excellent fund raising opportunity for the local surf clubs along route. Please support this event at the next council meeting.
For	I would like to register my full support of the proposed Cole Classic Sun Run. I feel there would be a large amount of support from the Northern Beaches community and wider.
For	I have recently heard about the possibility of the Sun Run and think it sounds like a great idea! Myself and a few friends have in the past, participated in the City2Surf and also the more local Pub2Pub fun runs and we always have a great time. I have grown up all my life on the Northern Beaches and I think it would be great to have another local fun run in the area and to have a different route in the opposite direction would be great. Being a slightly shorter distance too, I think would attract more participants and encourage many families. I think we all need to be more active and enjoy the outdoors and why not do that in the best part of the Australia, the Northern Beaches!

Item 9.5 Cole Classic Sun Run – Community Consultation – Final Report
Community Consultation Data

For	I saw this on your website and although I live in Pittwater Council I think it would be great. I would definitely take part - be good to have another event on the Northern Beaches.
For	I am writing to express my support for Fairfax Events proposal to hold a Cole Classic Sun Run from Dee Why Beach to Manly Beach on Saturday 5 February. I believe this proposal would be a terrific boon for local tourism, as it would showcase the beauty of the Northern Beaches to individuals who would likely return for more on what our region has to offer. I understand the City 2 Surf is one on Bondi's busiest trading days of the year so no doubt Dee Why and Manly businesses would benefit from this event. The event would also be a positive way to bring communities together to promote an active lifestyle. I am confident that the organisers would ensure minimal impact for residents surrounding the course considering their track record in managing the hugely popular City 2 Surf. I am very happy to discuss my support in more detail, if required.
Against	For how long will those of us living east of Griffin Rd, Dee Why, be held prisoners in our garage on Saturday, February 5, 2011 for the Fun Run that starts at Dee Why Surf Club and travels south? There is no way out of the area without crossing Griffin Rd short of hiking to Dee Why Point, diving in and swimming around to Long Reef. Pretty hard when one is severely mobility compromised and cannot even use public transport
For	I, the President of the Manly Chamber of Commerce, would like to take this opportunity to provide our support for the Cole Classic Sun Run. We see this potential event as a wonderful opportunity for exposure for Manly and the Northern Beaches as a whole, while at the same time raising funds for charity. From our point of view our members would benefit from this activity but even more so we offer our support as a stakeholder in the larger community. The Manly Chamber of Commerce looks forward to the Cole Classic Sun Run. If it is anything like the original Cole classic event it is destined for success.
For	I notice in the today's Manly Daily under Council Capers that there is a proposal for the first ever Cole Classic Sun Run. It is great to see that the Northern Beaches are starting to be considered for great outdoor events such as fun runs. I currently reside at Narrabeen and see the Pub 2 Pub event going back and forth across Ocean Street towards the Newport Arms. It will be great for local residents to be able to run on the local roads and enjoy a community spirit together for a course that appears to encapsulate some of the best beaches we have to offer. Fantastic that the Council has taken the initiative to get behind an event that promotes a healthy lifestyle to our area and I hope the residents give you feedback to enable that to happen.
For	I wish to express my strong support of the proposed 7km Sun Run to take place from Dee Why to Manly Beach. What a spectacular course! Such a scenic route is sure to bring out the runner in many people. It would be a fantastic way to contribute to the fitness and spirit of the local communities. As a local resident of Manly I have no qualms about the road closures and feel, given the short time frame, this should not pose a problem to many at all. I for one would be participating in the run with family and friends. Thank you for taking the time to consider local opinions.
