northern beaches council

Authorised & Accredited Concrete Contractors

For the construction of vehicle crossings, footpaths and associated works

The following contractors are authorised to carry out the construction of vehicle crossings, footpaths and associated works within the road reserve in the Northern Beaches Council area. These works must be approved via a Driveway/Street Levels Application. No other persons are permitted to carry out excavation or part of this work.

Please note that work performed by these contractors are limited to the trade work as per their contractor license class. It may not include major site preparation to shore excavations or where the structural stability of a neighbouring site or structure might be compromised. In these situations, you need to get a licensed excavator or builder.
