Date: 4 April 2018

Subject: Additional submission for DA2017/1151

Record Number 2018/215534

Dear Panel,

During the notification period of DA2017/1151 a submission was received which was incorrectly registered and has therefore not appeared in the list of objectors on the Assessment Report.

The submission (Corona Project on behalf of Boag – TRIM 2018/001151) has been assessed and considered in the assessment report regardless of it not being correctly registered.

The error has been rectified.

Signed
