4.0 REVIEW & ENDORSE INDUCTION NOTES

The group endorsed the induction meeting notes.

5.0 AGENDA ITEMS

5.1 WHAT MAKES UP A COMMUNITY GROUP

The SRG discussed who is our community and how to define a “group”. They settled on the Northern Beaches community being the “end users” which includes residents, businesses, day visitors etc.

They reviewed the Community Group Model (prepared by Stacey Mitchell), which identified five different types of community groups with people brought together by:

- Interest
- Action
- Place
- Practice
- Circumstance

They also discussed an alternative model where Community Groups could be categorised into two groups:

- A. Established groups seeking resources (to meet a community need), with administrative support, members, and a defined structure or hierarchy.
- B. Groups seeking to raised awareness, or a specific action or outcome, comprised of volunteers with no formal structure or authority.

The group discussed how to communicate with different types of Community Groups and asked about Council's Community Engagement Framework.

Action: Andrew Grocott to provide an overview of Council's community engagement framework (including the policy, matrix and case studies) at the next meeting.

They also addressed Community Groups that are not organised bodies and the importance of inclusiveness for people who are part of the community but not associated with a group.

5.2 PRIORITISATION OF CSP GOALS RELEVANT TO THE SRG

This item included a presentation on the Local Government Area Community Profile (Attachment 1). The presentation included the following statistics for Northern Beaches:

- Population
- Subpopulation
- Ancestry
- Birthplace
- Language Spoken at Home
- Religion
- Age Groups.

The group discussed the importance of communication in achieving all of their CSP goals. They raised several issues currently hindering Council's communications, including:

- The public's general lack of knowledge about what Council is and isn't responsible for.
- Not enough circulation/promotion of good news stories from Council.

Some suggestions from the group:

- Council could reach a wider audience by improving third party messaging and developing a network of stakeholders to share relevant news with their communities.
- Targeted Facebook campaigns.
- The Mayors Message could include a standing item; *Weird and Wonderful Facts about the Northern Beaches*.

What the group would like to see from Council:

- A list of community groups in the Northern Beaches area.
- Case studies of how Council has engaged with the community about particular topics in the past.
