- 5.1 The Manly MP Representative stated that he received a complaint from a resident regarding excessive speed on Adams Street, Curl Curl. The resident requested the implementation of traffic calming devices. Council will investigate and report back at the next Northern Beaches Council Local Traffic Committee meeting.
- 5.2 The Acting Executive Manager of Transport and Civil Infrastructure raised the matter of McCarrs Creek Road, Church Point, and the illegal speed hump and signage that was installed by a member of the public recently. Variable Message Signs (VMS) will be installed this week with "Share the Road" and speed messages. No traffic calming devices will be installed at this point. Speed humps are not safe for cyclists and also create further noise issues. Sergeant Jelovic advised that there was an ongoing Police operation and patrol of the road and residents can call the Police if they see any illegal activity.
