Signature(s)		Date	
Signature(s)		Date	

Part 6: Declaration & Signatures

Every Owner of the Land Must Sign This Form

Company / Organisation

If the owner is a company, owner's consent is to be provided in one of the following ways:

- Execution of owner's consent form (or other documents to the same effect) in accordance with s 127 (1) of the Corporations Act 2001.
- Common seal affixed to, and execution of, owner's consent form (or other document to the same effect) in accordance with s 127 (2) of the Corporations Act 2001.

Together with an up to date ASIC Company Extract and other relevant supporting documentation.

New owners(s)

If the property has recently been sold, documentary evidence of the sale must be provided. Please provide one of the following:

- A copy of the Certificate of Title.
- A letter from your solicitor confirming settlement.
- Previous owner(s) to provide owner(s) consent.

Strata Title / Owner's Corporation

If the property is a unit under strata title or a lot in a community title, then in addition to the owner(s) signature the following must be provided if any works are proposed on common property:

- The common seal of the owner's corporation must be stamped on this form over the signature of the owner(s) and signed by the chairman or secretary of the owner's corporation or the appointed managing agent.
- A letter on strata management letterhead.
- Minutes signed by the Owner's Corporation, clearly stating the words "Support for lodgement of a Section 68 for domestic oil or solid fuel heater Application".

Signing on owners behalf

If you are signing on the owner(s) behalf as the owner(s) legal representative, you must state the nature of your legal authority and attach documentary evidence (e.g. Power of attorney, executor, trustee, company director, etc).

Joint Wall / Fence

When works affect a joint wall or fence, consent of all property owners is required (e.g. Semi-detached or terrace dwelling and boundary fences).

Part 7: Installer's Information

Name			
Company			
Address			
Suburb		Postcode	
Business Phone		Mobile	
Email			
Proposed Date of Installation			

Owner's Declaration

I/We undertake to comply with the Local Government Act 1993 and Regulations, and the Protection of the Environment Operation Act 1997 and Regulations, Building Code of Australia and relevant Australian Standards.

I/We have read the explanatory notes for completion of this application contained on the form and understand that if all the required details are not provided, the application may be subject to delay or be rejected as incomplete. I also understand that Council may request more information or clarification to complete this application.

I/We consent to Northern Beaches Council displaying this application and supporting documents for the purpose of obtaining when necessary any public comment.

I/We consent to Council officers entering the above property for the purpose of carrying out inspections on this application.

Via email or post
Post your payment to: Northern Beaches Council, 725 Pittwater Road, Dee Why NSW 2099 or council@northernbeaches.nsw.gov.au

Northern Beaches Council will assess applications for approval to install a solid or oil fuelled heater on a case-by-case basis. As part of the application process, you are requested to comply with, and complete the following checklist. The checklist provides a greater assurance to Council that Australian Standards and impacts on nearby premises have been considered. Council Officers will use this form as part of the assessment process.

Solid Fuel Heater Requirements (you may wish to consult your retailer or installer)	Yes	No
1. Provide details from an appropriately qualified person that the proposed heater meets the emission control requirements of AS 4013.2014		
2. Provide evidence from the installer that the proposed heater will meet the requirements of AS/NZS 2918.2018		
3. Provide plans demonstrating that the flue pipe will extend not less than 4.6m above the top of the floor protector		
4. If the flue is 3m or less in horizontal distance from the highest point of the roof, is the top of the flue at least 600mm above highest point of the roof (see Figure 1)		
5. If the flue is over 3m metres in horizontal distance from the highest point of the roof, is the height of the flue at least 1000mm above the roof penetration (see Figure 1)		
6. Does the topography of the site or likely weather patterns or configuration of nearby dwelling/s indicate a potential to cause a smoke nuisance (Include on site plan)		
7. Are there any significant trees or other environmental or structural factors in the immediate vicinity that may cause a smoke down draught (Include on site plan)		
NOTE: If the answer to questions 6 or 7 is YES, consideration should be given to not installing the Solid Fuel Heater, or relocating the heater to a more appropriate location in order to meet the above requirements		

Further to complying with the above checklist, you must provide the following:

1. The application must contain site, floor and elevation plans drawn to a scale of 1:100 or 1:200 clearly demonstrating the location of the proposed heater and the proposed flue in relation to the roof line of the dwelling and the closest neighbouring dwelling/building.
2. Specifications of the appliance to be installed indicating compliance with AS/NZS 2918:2018 and the Building Code of Australia.
NOTE: YOUR HEATER IS NOT TO BE INSTALLED WITHOUT APPROVAL
