

Guideline

Voluntary Planning Agreements

1.0 Purpose

This Guideline underpins the Northern Beaches Council Voluntary Planning Agreements Policy (VPA Policy) adopted by Council on 15 December 2019. This Guideline should be read in conjunction with the VPA Policy.

This Guideline sets out the procedures and requirements relating to all VPAs entered into by the Northern Beaches Council, and applies to all land in the Northern Beaches Council local government area (LGA), including any land owned by the Council.

This Guideline also applies to land outside of the Northern Beaches Council LGA in case of a joint VPA between Council and another council or planning authority for land outside of the Northern Beaches Council LGA.

2.0 Principles

The guiding principles of this Guideline, and related Policy, are:

- a) To establish a fair, transparent and accountable framework governing the use and preparation of VPAs by Council.
- b) To enhance the range and extent of public benefits arising from a VPA.
- c) To ensure a consistent approach is undertaken in the negotiation and preparation of all VPAs that is efficient, fair and accountable.
- d) To align with Council's corporate and strategic planning context, including Council's Local Strategic Planning Statement, Community Strategic Plan, Delivery Plan, Operational Plan, Development Contribution Plans or other Infrastructure Planning Documents.
- e) To establish a probity framework for the negotiation, preparation and implementation of VPAs.
- f) To facilitate public participation and to allow the community to gain an understanding of the benefits of appropriate VPAs for the provision of public benefits.

3.0 What is a VPA?

Section 7.4 of the Act sets out the circumstances under which a VPA may be entered into. It provides that a '*...planning agreement is a voluntary agreement or other arrangement between a planning authority (or 2 or more planning authorities) and a person (the developer):*

- a) *who has sought a change to an environmental planning instrument, or*
- b) *who has made, or proposes to make, a development application or application for a complying development certificate, or*
- c) *who has entered into an agreement with, or is otherwise associated with, a person to whom paragraph (a) or (b) applies,*

under which the developer is required to dedicate land free of cost, pay a monetary contribution, or provide any other material public benefit, or any combination of them, to be used for or applied towards a public purpose.

4.0 Requirements of a VPA

Section 7.4(3) of the Act provides the mandatory requirements of a VPA. Council's VPA Policy and Guideline are designed to ensure these requirements are met for every VPA.

The Act does not preclude a VPA containing provisions in addition to the mandatory matters that may be necessary or desirable in particular cases. Council has prepared a template VPA that must form the basis for a VPA and this template is Council's preferred form for a VPA. Please refer to Attachment A.

5.0 Explanatory note

Clause 25E(1) of the Regulation requires that an explanatory note must accompany a VPA that:

- a) summarises the objectives, nature and effect of the proposed VPA, amendment or revocation, and
- b) contains an assessment of the merits of the proposed VPA, an amendment or revocation including the impact (positive or negative) on the public or any relevant section of the public.

Each explanatory note must be prepared jointly by the parties proposing to enter into the VPA.

Council has prepared a template explanatory note. Please refer to Attachment B.

6.0 Preferred process

The preferred process relating to the consideration, notification and entering of VPAs is as follows:

- a) Where a developer proposes a VPA in connection with an application for instrument change or development application, it should indicate to the Council its intention to accompany its application with a VPA offer before making the application. The Council will indicate whether or not it agrees, in principle, to negotiate a VPA with the proponent after an initial consideration of the appropriateness of the VPA offer. Both the developer and the Council must consider who should be the parties to the VPA.

This process will be undertaken by a Responsible Officer in consultation with the Development Contributions Working Group/Development Contributions Committee.

- b) The VPA offer must address each key term required by the VPA Policy and this Guideline. If the VPA offer is considered appropriate, the VPA and agreed explanatory note should be drafted and should accompany the development or instrument change application to Council so that the VPA, explanatory note and application can be exhibited together. The application must clearly record the developer's offer to enter into the VPA if the application is approved.
- c) An assessment of the VPA application will be undertaken by the Development Contributions Working Group on behalf of the Development Contributions Committee.
- d) Following consideration of the draft VPA and explanatory note by the Development Contributions Committee, a recommendation will be made to the Council whether the VPA offer should be supported by Council.
- e) If Council resolves to support the terms in the draft VPA and explanatory note, the proposed draft VPA and explanatory note will be publicly notified and exhibited in accordance with the Act, the Regulation and clause 10.0 below. Any subsequent amendments to the proposed draft VPA and explanatory note will be re-notified if there is a material change.

- f) Following exhibition of the draft VPA, the Committee will consider any post exhibition amendments and make a recommendation to Council who will determine if it wants to accept the draft VPA.
- g) If Council resolves to accept a draft VPA, then it can be entered into.

7.0 Demonstrable public benefit Council will ultimately require that a VPA provides a positive planning outcome for the Northern Beaches community. There must be a demonstrable public benefit arising from a VPA and this should be clearly demonstrated in the VPA offer and application documentation. This information will help Council to consider the VPA offer/application.

An outline of potential public benefits is set out in the table at Attachment C however it should be noted that Attachment C is not intended to be exhaustive.

8.0 Implementation plan

In most circumstances, the Council will require an implementation plan. This will be incorporated in the VPA and may include:

- a) The timetable for provision of planning obligations under the VPA.
- b) The design, technical specification and standard of any work required by the VPA to be undertaken by the developer.
- c) The manner in which a work is to be handed over to Council.
- d) The manner in which a material public benefit is to be made available for its public purpose in accordance with the VPA.
- e) A warranty period for work, materials, buildings and any other property that form part of any public benefit. These warranties would generally be for a minimum of 12 months for materials and services such as electrical works and 15 years for structural items.

Council will require a VPA to make provision for payment by the developer of Council's costs of and incidental to preparing and entering into the VPA as well as administering and enforcing the VPA. Cost may include the payment of an independent registered property valuer and/or quantity surveyor to establish the value of the key items of the VPA.

9.0 Pooling of development contributions

Where a proposed VPA provides for a monetary contribution by the developer, the Council may, in accordance with section 7.3 of the Act, pool money paid for different purposes and apply that money progressively for different purposes.

Where a proposed VPA provides for a monetary contribution by the developer, the VPA should provide that money paid under the VPA may be pooled with money paid under other VPAs and applied progressively for the different purposes under those VPAs.

Pooling may be appropriate to allow public benefits, particularly essential infrastructure, to be provided in a fair and equitable way.

10.0 Public notification of a draft VPA

The Act requires that, a draft VPA must be publicly notified and available for public inspection for a minimum period of 28 days. Council may decide to notify a VPA for a longer period at its discretion.

Council will also notify the application to which a draft VPA relates in accordance with relevant environmental planning instruments and the requirements of any gateway determination.

Council will publicly re-notify and make available for public inspection a draft VPA and the application to which it relates if, in Council's opinion, a material change is made to the terms of the draft VPA or the application after it has been previously publicly notified and inspected. Such a change may arise as a consequence of public submissions made in respect of the previous public notification and inspection of the draft VPA or the application, or their formal consideration by Council, or for any other reason.

11.0 Public comment on a draft VPA

All public submissions to a draft VPA will be considered before finalisation of the VPA for execution. Council may also resolve not to proceed with a VPA as a result of matters raised in a public submission or for any other appropriate reason in Council's absolute discretion.

12.0 When is a VPA entered into?

A VPA can be entered into at any time after the VPA is publicly notified in accordance with the Act and Regulation as agreed between the parties after which obligations under the VPA take effect.

Council may also impose conditions of consent requiring compliance with the VPA and the delivery of the relevant VPA contributions at the required time.

Council will usually require a VPA in connection with an application for instrument change to be executed before the Council submits the relevant draft planning instrument change to the Minister to be made, or before Council makes the instrument change under delegation. If the VPA is not executed at an appropriate time, the Council may (or may request the Minister to) not proceed with the instrument change, in accordance with Section 3.35 of the Act.

13.0 Monitoring and review of a VPA

Council will routinely monitor the performance of the developer's obligations under a VPA and report them in accordance with the Act.

Council will require the VPA to contain a provision establishing a mechanism under which the VPA is periodically reviewed with the involvement of all parties. This will include a review of the developer's performance under the VPA and obligations specified in the Implementation Plan.

14.0 Recurrent charges

Where a VPA proposes works or dedication of land and/or building assets, Council may require the developer to provide supporting documentation outlining the lifecycle costs to Council, including operation or ongoing service delivery, as well as likely maintenance and replacement costs. This information will assist Council in determining whether to accept a VPA offer and what contribution towards those recurrent costs should be made by the developer.

All VPAs that involve the provision of public infrastructure through works to be carried out by the Developer should include a reasonable contribution toward ongoing maintenance and replacement costs of the infrastructure. The developer may make monetary contributions towards ongoing maintenance and replacement costs or may offer to maintain infrastructure delivered for a certain period of time after handover.

The amount of any monetary contribution acceptable to Council will depend on the type and value of the works being handed over to Council, whether repair and maintenance works are likely to be needed and the anticipated costs of maintenance and repair works.

If the developer proposes to maintain the works after completion, a bond or bank guarantee will be required by Council to cover the likely maintenance works in the event the developer defaults.

VPAs may also require a developer to make contributions towards other recurrent costs of public facilities such as operational or service provision costs.

15.0 Council's costs of negotiating, entering into, monitoring and enforcing a VPA

The Council will require a VPA to make provision for payment by the developer of the whole of Council's costs of and incidental to negotiating, preparing, advertising and entering into the agreement (including reasonable legal costs in obtaining advice in connection with the VPA) as well as administering and enforcing the agreement. This also applies to any amendment to a VPA.

16.0 Costs associated with delivery of the planning obligations

All costs associated with the delivery of the planning obligations under the VPA are to be borne by the developer.

Council's costs of and incidental to the preparation and execution of this Agreement and any related documents and registration of same shall be borne by the Developer.

15. Entire Agreement

This Agreement contains everything to which the Parties have agreed in relation to the matters it deals with. 16. Further acts

Each Party must promptly execute all documents and do all things that another Party from time to time reasonably requests to affect, perfect or complete this Agreement and all transactions incidental to it.

17. Governing law and jurisdiction

This Agreement is governed by the law of New South Wales. The Parties submit to the nonexclusive jurisdiction of its courts and courts of appeal from them. The Parties will not object to the exercise of jurisdiction by those courts on any basis.

18. Joint and individual liability and benefits

Except as otherwise set out in this Agreement, any agreement, covenant, representation or warranty under this Agreement by 2 or more persons binds them jointly and each of them individually, and any benefit in favour of 2 or more persons is for the benefit of them jointly and each of them individually.

20. Representations and warranties

The Parties represent and warrant that they have power to enter into this Agreement and comply with their obligations under the Agreement and that entry into this Agreement will not result in the breach of any law.

21. Severability

If a clause or part of a clause of this Agreement can be read in a way that makes it illegal, unenforceable or invalid, but can also be read in a way that makes it legal, enforceable and valid, it must be read in the latter way. If any clause or part of a clause is illegal, unenforceable or invalid, that clause or part is to be treated as removed from this Agreement, but the rest of this Agreement is not affected.

22. Modification

No modification of this Agreement will be of any force or effect unless it is in writing and signed by the Parties to this Agreement.

23. Waiver

The fact that a Party fails to do, or delays in doing, something the Party is entitled to do under this Agreement, does not amount to a waiver of any obligation of, or breach of obligation by, another Party. A waiver by a Party is only effective if it is in writing. A written waiver by a Party is only effective in relation to the particular obligation or breach in respect of which it is given. It

is not to be taken as an implied waiver of any other obligation or breach or as an implied waiver of that obligation or breach in relation to any other occasion.

24. GST

- 25.1 Unless otherwise indicated, all amounts payable by one party to the other party in relation to a supply under this Agreement have been calculated exclusive of any GST which may be imposed on the supply.
- 25.2 If any supply made under this Agreement is, or becomes, subject to GST, the party to whom the supply is made (“**Recipient**”) must pay to the party making the supply (“**Supplier**”), as consideration, in addition to any consideration payable or to be provided elsewhere in this Agreement, subject to issuing a Valid Tax Invoice, an additional amount on account of GST, such amount to be calculated by multiplying the consideration by the applicable rate of GST.
- 25.3 Any amount in respect of GST payable under clause 25.2 must be paid to the Supplier immediately on receipt of the Valid Tax Invoice.
- 25.4 If any party is required to reimburse or indemnify the other party for a cost or expense (“**Cost**”) incurred by the other party, the amount of that Cost for the purpose of this Agreement is the amount of the Cost incurred, less the amount of any credit for, or refund of, GST, which the party incurring the Cost is entitled to claim in respect of the Cost.
