A message from the Mayor

This month Council will continue running a census-type survey seeking to understand what makes our towns and villages unique, vibrant and exciting to you. Findings will help guide us with our 'place making' efforts - this is essentially better planning for local villages and centres so that they are places that reflect the community's values and needs and places where people want to spend time.

Face-to-face surveys are being conducted in most town centres and you can jump online to take the survey too. Make sure your views are in the mix.

The school holidays are coming around and there are heaps of activities planned for kids. Bookings for our Vacation Care programs are open and with a new Manly Vale centre opening, there are even more spots available to local families. The Coastal Environment Centre at North Narrabeen is running its popular 'Kids on the Coast' program and there is lots happening at our libraries, Manly Art Gallery & Museum and both aquatic centres.

For our seniors and people with disability, I encourage you to come along to one of our three course community lunches happening at various times across the month at Manly and Seaforth. Enjoy a nutritious meal, meet other people and connect with a supportive network. Everyone is welcome.

Be aware there are going to be significant traffic changes in Dee Why for the next three weekends as

part of state government road improvements along Pittwater Road. Continuous weekend shifts during the day and night will run throughout these weekends in June. Lane closures and detours will be in place on Pittwater Road on two of the weekends so we have been advised to allow more travel time. For more information, visit mysydney.nsw.gov.au or livetraffic.com.

Northern Beaches Council was honoured last week with two prestigious NSW Local Government Excellence Awards.

Special congratulations to Council staff member Russell Peake who won the Col Mills Scholarship – one of only two awarded each year to young professionals in the local government sector. This award is a huge testament to Russell's commitment and I believe demonstrates the high calibre of staff working at Council who are dedicated to delivering services, infrastructure and projects for the community's benefit.

The other award was to the Northern Beaches PCYC at Dee Why which was recognised in the Community Partnerships and Collaboration category. This \$26 million investment for our young people is the result of years of genuine collaboration between Council and the community.

Have a great weekend.
